Wokwi Simulation:

The screenshot shows the Wokwi simulation environment. The left pane displays the sketch.ino file with the following code:

```

1 #include <WiFi.h>
2 #include <PubSubClient.h>
3 void callback(char* subscribetopic, byte* payload, unsigned int
4 payloadLength);
5 //-----credentials of IBM Accounts-----

10 String data3;
11 char server[] = ORG ".messaging.internetofthings.ibmcloud.com";
12 char publishTopic[] = "iot-2/evt/Data/fmt/json";
13 char subscribetopic[] = "iot-2/cmd/test/fmt/String";
14 char authMethod[] = "use-token-auth";
15 char token[] = TOKEN;
16 char clientId[] = "d:" ORG ":" DEVICE_TYPE ":" DEVICE_ID;
17 WiFiClient wifiClient;
18 PubSubClient client(server, 1883, callback, wifiClient);
19 const int trigPin = 5;
20 const int echoPin = 18;
21 #define SOUND_SPEED 0.034
22 long duration;
23 float distance;
24 void setup() {
25   Serial.begin(115200);
26   pinMode(trigPin, OUTPUT);
27   pinMode(echoPin, INPUT);
28   wifiConnect();
29   mqttConnect();
30 }
31 void loop()
32 {
33   digitalWrite(trigPin, LOW);
34   delayMicroseconds(2);
35   digitalWrite(trigPin, HIGH);

```

The right pane shows a simulation of the ESP32 board connected to an HC-SR04 ultrasonic sensor. The console output shows the distance measured by the sensor:

```

IoT Watson Platform:

The screenshot displays the IBM Watson IoT Platform interface. The top navigation bar includes tabs for 'Browse', 'Action', 'Device Types', and 'Interfaces'. The main content area shows a device with ID '456789' in a 'Disconnected' state. Below this, the 'Recent Events' tab is active, displaying a table of events. The table has columns for 'Event', 'Value', 'Format', and 'Last Received'. Five events are listed, each with a unique 'event_1' ID and a JSON value containing random numbers for temperature, humidity, and a timestamp. The 'Format' column shows 'json' for all events, and the 'Last Received' column indicates they were received 'a few seconds ago'. A status bar at the bottom of the dashboard shows '1 Simulation running'. The bottom of the image shows a Windows taskbar with various application icons and a system tray with weather and time information.
