TEAM LEADER DHANYA R

The screenshot displays the IBM Cloud dashboard interface. At the top, the browser address bar shows 'cloud.ibm.com'. The dashboard header includes the 'IBM Cloud' logo, a search bar, and navigation links for 'Catalog', 'Manage', and 'Dhanya R's Account'. A user profile dropdown menu is open on the right, showing options like 'Profile', 'Log in to CLI and API', 'Privacy', 'Change theme', and 'Log out'. The main content area is titled 'Dashboard' and features a 'For you' section with five cards: 'Build' (purple), 'Monitor your resources', 'Create and deploy an application', 'Set up your IBM Cloud account', and 'Explore tutorials'. Each card includes a 'Getting started' button and a duration. Below this, there are four sections: 'News' (with links to IBM offerings and certifications), 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status' (showing a world map). The bottom of the image shows a Windows taskbar with various application icons and system status indicators like temperature (83°F) and time (12:50 PM, 11/3/2022).
